Weights

Test Weights

Cech Corporation carries a large variety of test weights that are made in strict conformance with National Institute of Standard and Technology (NIST) Class F tolerances and specifications listed in NIST handbook 105-1. These specifications and tolerances are intended to set forth minimum requirements for weights used (1) in the field by state and local weights and measures officials in the examination of weighing devices used in commerce; (2) by device installers and servicemen; (3) as reference standards in state weights and measures laboratories; and (4) in industrial, educational, and research laboratories.

We carry every type of test weights. Please call us at 1-800-968-2324 or [click to email](#) us for more information on our selection.

Ohaus ASTM Class F Weights, 2kg
\$55.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 5kg
\$68.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 10kg
\$88.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 20kg
\$130.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 25kg
\$172.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 50kg
\$772.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 5lb
\$56.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 10lb
\$77.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 20lb
\$86.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 25lb
\$112.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 50lb
\$140.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)

Ohaus ASTM Class F Weights, 100lb
\$840.00

This Ohaus Cast Iron Grip Handle Weight meets NIST Class F adjustment tolerances and is ideal for applications requiring a degree of accuracy above general purpose weights. Buy test weights online with Cech and buy with confidence. [\[Product Details...\]](#)
